### FALCON - ROLLER SHUTTER – A NEW DIMENSION OF SHADING

Take full advantage of everything roller shutters have to offer. Falcon is more than just a shutter – it's a solution that brings comfort, security, and a modern look to your home.

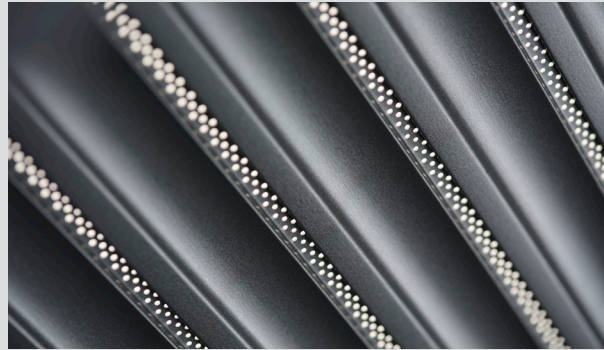

Introducing the **NEW GENERATION FALCON** – the latest shading system that combines **effective sun protection, ventilation, and natural light**. Thanks to the improved perforation of the slats, it enables even more precise light control, reduces overheating of interior spaces, and contributes to greater energy efficiency in your home or business premises.

### FALCON PERFO – LIGHT, AIR, AND PRIVACY IN PERFECT BALANCE

Enjoy pleasant natural light even with the shutter partially closed. Falcon PERFO combines ventilation, natural light, and privacy protection – the ideal solution for modern living comfort.

Natural light

blackout

Ventilation with  
lowered slats

An aesthetic  
and functional  
solution

The refined **FALCON PERFO** slat is an advanced version of the Falcon model. Its unique microperforation provides a perfect **balance between light, airflow, and privacy**. It opens the view outward, limits visibility into the interior, and maintains the slat's uniform appearance – ideal for modern urban environments.
