

External roller shutter Quarter-OVAL

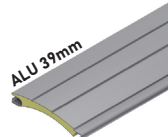

- **HEAT PROTECTION**
- **ANTI-THEFT PROTECTION**
- **LIGHT REGULATION**
- **DIMMING**
- **UV PROTECTION**
- **HEATING / COOLING SAVINGS**

If you want to embellish the external appearance of the building, we suggest mount-on external QUARTER-OVAL roller shutters.

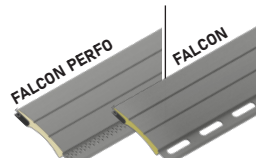

Roller box is composed of two parts (aluminium plate): the back part, which is the same in most of the shutters, and the front curved part, which also serves as a servicing panel.

RAL 7015	RAL 8012	DB 703		

WARNING: Certain colours on the chart may vary from original!

MANIPULATION:

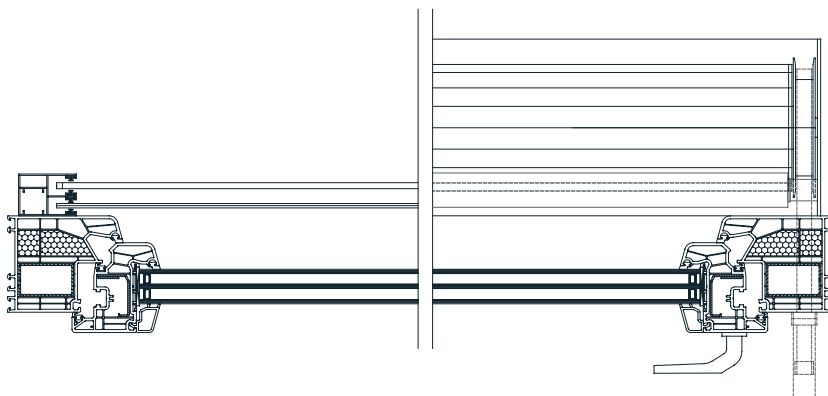

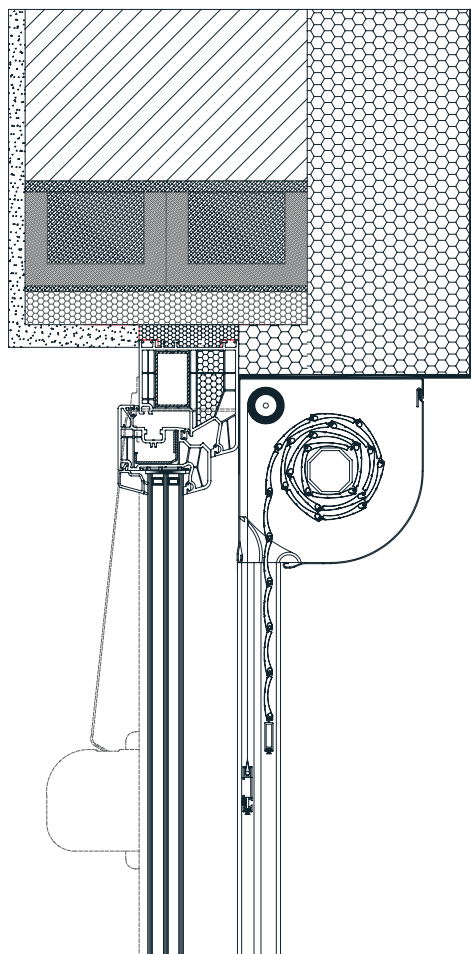

Manipulation is possible with automaton or electrical motor. For motor operation there is the standard PLUG & PLAY function, which allows the connection of several motors to a single switch, self-adjusting positions and the safety function in the event of an obstacle.
